ILLUSTRATIVE SCENARIOS - NOT GUARANTEED EARNINGS

Earn **20% of verified net subscription revenue** from each referred listener's **first 12 paid monthly invoices**. Joining the partner program is free.

Planning assumption: the examples below deduct a hypothetical 10% from each monthly price for fees and other exclusions. This is not VAULT's actual fee rate. Actual deductions vary; your dashboard records reviewed commissions.

Per paid monthly invoice	\$3 tier	\$7.99 tier	\$15 tier
Illustrative net revenue	\$2.70	\$7.19	\$13.50
Partner commission	\$0.54	\$1.43	\$2.70

MONTHLY EARNINGS MATRIX

Paying referrals*	\$3 tier	\$7.99 tier	\$15 tier
1	\$0.54	\$1.43	\$2.70
10	\$5.40	\$14.30	\$27.00
25	\$13.50	\$35.75	\$67.50
50	\$27.00	\$71.50	\$135.00
100	\$54.00	\$143.00	\$270.00
250	\$135.00	\$357.50	\$675.00
500	\$270.00	\$715.00	\$1,350.00

*Each row assumes all referrals are on the indicated tier, each pays one qualifying invoice that month, and all are still within their first 12 paid invoices. These are arithmetic examples, not forecasts or typical partner results.

Free-trial signups are not paying referrals. A 30-day trial earns \$0 until an eligible subscription payment is collected. Clicks, streams, \$1 song purchases and merch are not included in this subscription commission program.

From referrals to real payouts.

A MIXED-AUDIENCE EXAMPLE

Paying referrals	Monthly example	12 paid invoices**
20 at \$3	\$10.80	\$129.60
20 at \$7.99	\$28.60	\$343.20
10 at \$15	\$27.00	\$324.00
50 total	\$66.40	\$796.80

**Uses the same hypothetical 10% deduction as page 1. Assumes the same 50 listeners each complete 12 qualifying paid invoices with no churn, tier changes or additional reversals. This is not necessarily the first calendar year after signup because the free trial comes first.

Your return after promotion costs: \$66.40 in example monthly commission minus \$20 in promotion spending leaves **\$46.40 before your taxes and other expenses**. The example return on that \$20 spend is 232% (\$46.40 / \$20). Actual return can be zero or negative; paid promotion is optional.

WHAT QUALIFIES / WHEN YOU GET PAID

Attribution: a referral lasts 30 days on the same browser. The first referral attached to the listener account is retained. Use your personal partner link.

Net basis: taxes, Stripe fees, refunds and disputes are excluded. Commission is 20% of reviewed net revenue, rounded down to whole cents per invoice. Reversals can reduce earnings.

Payouts: earnings require review and at least a 30-day hold. Request a payout once approved, matured earnings reach \$25. The stated schedule is monthly; payouts are manually reviewed and recorded, not instant automatic transfers.

Fair promotion: no self-referrals, fake accounts, spam or misleading claims. Disclose: "I earn a commission if you join through my link." There is no guaranteed income.
